

SMG Slow Session Class

The Slow Session class was started by me many years ago and has now existed for more than fifteen years. The main idea was to build up a repertoire and learn to play with other people. The classroom activities are just that: tunes are learned, sets are compiled and music is played. After the class there is a pub session in Leslie's Bar to which everyone is welcome. There we play a variety of tunes, most of which were learned in the Slow Session class at some point.
