The piece ends with a repeat sign.

JAN 19 1736 *The Birth of James Watt, Engineer*

James Watt (1736-1819) made significant developments to the steam engine which changed the world, helping to bring in the Industrial Revolution. He was born and educated in Greenock, and although he did not go on to university, he was given a workshop in Glasgow University by two famous professors, the physicist Joseph Black and the economist Adam Smith.
