## Kitchen Girl (traditional)

*Kitchen Girl is yet another tune whose only source is West Virginian fiddler **Henry Reed** (1884-1968). Alan Jabbour recorded Reed's considerable repertoire in the mid-1960s and, with his band The Hollow Rock String Band, popularised many of Reed's tunes, particularly on their influential 1967 LP *Traditional Dance Tunes*. It gained further popularity when The Boys of the Lough included it in a set on their 1977 album *Good Friends, Good Music*.*
